

THIS IS ME – Multi-Sensory Story Adaptation

This is me – I am George	
Like my mum, I have sparkly eyes	Fibre optic
When I was little, I struggled to talk so my sister and I used sign language. What do you think our favourite thing to ask for was? ‘ More food!’ “More, More, More”	Sign More Food Help children sign – palm over fist
Every one of us has a sprinkling of magic inside us	Sprinkle glitter into bowl
We’re all made of lots of different ingredients all mixed together	Take turns giving bowl a stir
All of this helps us to shine like a star	Light up star
We all like to do different things, things that make us feel good.. I like going to the beach I like my cat I like ice-cream	Seagull talking tile Cat hand puppet Ice-cream squishy toy Vanilla scent?
I want to know what you all like to do.	Invite kids to select a prop from the pile for themselves and siblings. Go round the group, let them show prop and say what they like to do.
When we do what we love, we’re happy. And when we’re happy, we glow! My glow makes me who I am and yours makes you who you are.	Big smile, light up huggy glow cushion Pass around the group
When I was little, I wobbled. In races I was rather slow.	Wobbly toy/ball
But my friends and family cheered me on	Cheer! Non verbal – give cheering talking tile
And now look at me go! I’m on the TV!	Cardboard TV cut out – pass around the group. Photos!
There’s a glow inside each one of us, in me and every one of you	Shine torch. Hand out torches – shine into black umbrella.
Together we all shine much brighter	All torches shine into umbrella at once
And our dreams really can come true!	
THE END
